

NYC APPROVED EDGE LIT RED LED EXIT SIGN | SURFACE MOUNT | ADJUSTABLE ANGLE

Code: NYCELRT

The NYCELRT-R series reinvents the meaning of versatility and allows one sign to meet multiple mounting needs. Snap-in design, quality construction and elegant appearance make it a must-have.

Compatible Battery: B3A-48

FEATURES

- New York City Approved
- UL 924, NEC, OSHA and NFPA 101 Life Safety Code
- Listed for damp location
- Most versatile edge lit exit sign on the market
- Wall, sloped, side, high, or standard ceiling and recessed mount available
- Aluminum housing with high grade acrylic face
- Field Installable Arrows for Left, Right or Both directions.
- Long life LED illumination
- Test switch and charge rate indicator on battery backup models
- Dual 120/277 volt operation
- NON CEC Compliant

WARRANTY INFORMATION

Any component that fails due to manufacturer's defect is guaranteed for 1 year. The warranty only covers products installed and maintained in accordance with the instructions provided by their respective manufacturer and no warranty is made with respect to any of our products that are otherwise installed or maintained. For full warranty details, visit our Warranty Section.

Conformance to Codes and Standards

The NYCELRT-R series is UL listed and meets or exceeds the following: UL 924, NEC, OSHA and NFPA 101 Life Safety Code requirements.

ORDERING INFORMATION

Series	Letter Color	Housing Color	Operation Type	Options
NYCELRT	R (Red)	A (Brushed Aluminum Housing)	BB (Battery Backup)	S (Single Sided)
		B (Black Housing)	AC (AC Only)	DM (Double Sided Mirrored)
		W (White Housing)		

CONSTRUCTION

The NYCELRT-R series housing is constructed of die-cast aluminum housing with an etched, clear acrylic panel. Double sided panel comes as mirrored configuration. Lettering is NYC approved 8" high with 3/4" stroke.

ILLUMINATION

The NYCELRT-R series provides a long life LED illumination. The unit is constructed with a red high output LED board. Energy consumption is rated at less than 3 watts for the AC only model units. Battery Backup units energy consumption is rated at less than 5 watts.

ELECTRICAL COMPONENTS

Dual voltage input 120/277 VAC operation. LED display indicates AC/ON. An external push button test switch allows maintenance personnel to quickly determine the operational status of the unit. Unit offers brown out, overload and short circuit protection.

EMERGENCY OPERATION

Upon failure of the normal utility power, an internal solidstate transfer switch automatically provides uninterrupted emergency operation for at least 90 minutes. The fully automatic solid-state, two-rate charger initiates battery charging to recharge a discharged battery in 24 hours.

BATTERY - BATTERY BACKUP

The NYCELRT-R series is designed with a 4.8 Volt maintenance-free NiCad battery. The battery is protected by a low voltage cut-off circuit. The operating temperature range for the battery is 32°F (0°C) to 104°F (40°C).

INSTALLATION

The NYCELRT-R is suitable for wall, side, sloped, high or standard ceiling mounting. Includes field installable directional arrow indicators. All hardware is included.
